

## **Project Closes Evans and 13th Streets Intersection**

*East Bound Traffic Will Be Temporarily Open From Gilpin to Railroad Tracks*

**STEAMBOAT SPRINGS, COLORADO-September 17, 2019**-Starting tomorrow, Wednesday, September 18, 2019, and running for approximately one week, the 13<sup>th</sup> Street Project will **CLOSE** the intersection of Evans and 13<sup>th</sup> Streets for drainage, water and gas work.

13<sup>th</sup> Street will have one way alternating traffic at Evans with a full time active flagger during the closure. In addition, 13<sup>th</sup> Street will be **temporarily open** for east bound traffic from Gilpin to UPRR tracks during this one week time frame.

The project team will move cones and drums to the edge of asphalt on the south side of 13<sup>th</sup> street to allow for two-way traffic. Pedestrian traffic will be kept on the south side of 13<sup>th</sup> Street from Gilpin to the UPRR tracks.

The 13<sup>th</sup> Street Project consists of construction of approximately 1,100 lineal feet of eight-foot sidewalk, 1,100 lineal feet of storm sewer pipe, roadway widening, intersection improvements, asphalt paving and patching and signing and striping along 13<sup>th</sup> St, which crosses the Union Pacific Railroad right-of-way.
