**HIA Rule #44 - The Playmaker Rule** - Any player who has played in a league higher than the league they are currently participating in within a calendar year, will be limited to one goal per game. A two minute unsportsmanlike penalty will be assessed to that player if they score more than one goal per game. If the player scores within the last 5 minutes of the game, the goal will be disallowed and that player will receive a two minute unsportsmanlike penalty.
