

## Administrative Projects

Administrative project types listed below are assigned a review timeline based on project complexity. If two or more applications are being processed concurrently, the entire project will follow the most stringent review process. This is an overview of the typical review process, all timeframes are approximate. See CDC Article 7 for additional information.

<b>3 week review</b>	Engineering Variance, Development Plan— Minor Modification, Final Plat—Condo/Townhome, Final Plat—Replat, Floodplain Development Permit, Improvements Agreement, Master Sign Plan, Minor Adjustment, Minor Variance, Sign Permit, Substantial Conformance, Written Interpretation, Waiver of Replat	<b>4 week review</b>	Civil Construction Plans, Development Plan— Administrative, Final Plat— Major Subdivision, Final Plat—Minor Subdivision, Pre-Application Review
----------------------	---	----------------------	---

<sup>1</sup> Not all Administrative project types require public notice, see CDC Table 703-1.

<sup>2</sup> Resubmittal may not be required for all projects, resubmittals are project specific.
