

## **Golf Every Day Even On A Powder Day With New Simulator**

*Grand Opening Celebration Set For Monday, January 9 From 3-7pm*

**STEAMBOAT SPRINGS, COLORADO-January 3, 2023**-The snow is piling up in feet, people are grabbing their fat skis and powder boards and now they can add their golf clubs to their winter quiver with the new Trackman 4 Golf Simulator Grand Opening at Haymaker Golf Course.

Head Golf Professional Cody Hasten drove home the point of the new amenity, "Skiing, snowboarding, fat tire biking, cross-county skiing and now golf, yes golf, are all winter active adventures in the Yampa Valley. You can tackle a powder day on the mountain and then carve up a quick 9 or 18 holes at one of golf's premier courses, all in the same day."

Construction on the new Haymaker Golf Simulator is complete and the facility is set to open to the public on January 10 for hourly rentals and lessons. To celebrate, Haymaker will be hosting a grand opening celebration and open house on Monday, January 9 so people can check out the new technology.

The event will take place from 3 PM to 7 PM and includes a fun "closest to the pin" competition for a chance to win two free hours of simulator time.

The Haymaker Pros will also be on hand to provide information on both winter and summer programs, memberships, and leagues.

The Trackman 4 system utilizes the latest radar, camera technology and high-definition projection providing the most accurate club and ball flight data. Countless Tour Professionals use this system to achieve swing changes and improve ball flight. Combined with the expertise of Haymaker PGA Professionals, golfers have all the resources required to reach their goals faster.

Starting January 10, simulator prices will run \$75/hour for up to four players. The simulator will be open from 12pm to 8pm Tuesday and Wednesday; and then from 10am to 5pm Thursday through Saturday. Beverages and light snacks will be available for purchase during your session.

Golfers will have the option to hone their skills one on one in the simulator with a Haymaker PGA professional instructor for \$135/hour or \$100/hour for juniors. In addition, Haymaker Pros are certified club fitters for many of the top brands and can ensure you have the right set up with specialized club/ball fitting session for \$50.

Haymaker Golf Course is under the direction of PGA Head Golf Professional Cody Hasten, who has been at the helm for the past five years. Joining Hasten, two PGA Professionals round out the topflight team and include Jimmy Rockelman as Director of Instruction & Junior Golf and Orrin Googins as the Assistant Golf Professional.
